

# Tuesday Newsletter

March 10, 2020

## PARENT INFORMATION

Please see the updated policy that has been added to the student handbook. Effective Monday March 2, 2020.

### **Electronic Devices Policy**

- The school strongly advises against bringing a cell phone or other personal electronic device to school and will not be held responsible in the event of theft or destruction.
  - When brought to school, the cell phone must be on "Silent Mode" and left in a backpack or locker. This includes during breakfast, lunch, and recess.
  - Cell phones may only be used on school property with the permission of and at the discretion of a teacher or staff member.
  - Misuse of personal electronic device (wrong place/wrong time) may result in forfeit of the device for a period of time that is progressive. The number of days the device is forfeited is based on how often policy is violated.
  - All students will be issued a school iPad to use as an instructional tool. The student and parent will sign Internet/Computer use agreements.
  - The school has a phone in the office for parent contact or in case of emergencies. Please contact your student through the school phones if you need to contact them during the school day.
- The Centers for Disease Control have urged schools to prepare for possible COVID-19 outbreaks. In the event it is necessary, we are exploring options to conduct classes remotely. Please take this short two question survey (one per house).
