Public Relations

The District shall strive to maintain effective two-way communication channels with the public. Such channels shall enable the Board and staff to interpret the schools' needs to the community and provide a means for citizens to express their needs and expectations to the Board and staff.

The Superintendent shall establish and maintain a communication process within the school system and between it and the community. Such a public information program shall provide for news releases at appropriate times, arrange for news media coverage of district programs and events, provide for regular direct communications between individual schools and the citizens they serve, and assist staff in improving their skill and understanding in communicating with the public.

Community opinion may be solicited through parent organizations, parent-teacher conferences, open houses and other such events or activities which may bring staff and citizens together.

School-Support Organizations

The Board recognizes that parent, teacher and student organizations are an invaluable resource to the District schools and so supports their formation and vitality. While parent, teacher and student organizations have no administrative authority and cannot determine District policy, their suggestions and assistance are always welcome. Membership must be open and unrestricted.

Booster clubs and/or special interest organizations may be formed to support and strengthen specific activities conducted within the school or District. All such groups must receive the approval of the school principal, Superintendent and the Board in order to be recognized as a booster organization. Staff participation, cooperation and support are encouraged in such recognized organizations.

Fund-Raising by School Support Groups

Fund-raising by school support groups is considered a usual and desirable part of the function of such groups. The specific fund-raising activities must be approved in advance by the principal. The principal must be consulted prior to any expenditure of such funds. All such funds raised by school adjunct groups are to be used for the direct or indirect support of school programs.

Equipment purchased by support groups and donated to the schools becomes the property of the District and may be used or disposed of in accordance with District policy and state law.

The District encourages visits by Board members, parents and citizens to all District buildings.

In order to ensure the safety of our students and the building, any individual visiting for any reason during normal school operating hours must first check in at the office and verify his/her reason for being on campus.

Any individual who wishes to pick up a student at school during the school day must check that student out at the office

In addition, if your child is to be picked up at school by anyone other than their parent or legal guardian, please inform the school in advance in writing or over the phone.

Public Complaints

The Board is interested in receiving valid complaints and suggestions. Public complaints and suggestions shall be submitted on the Uniform Grievance Procedure to the appropriate-level staff member or District administrator. Each complaint or suggestion shall be considered on its merits.

Unless otherwise indicated in these policies or otherwise provided for by law, no appeal may be taken from any decision of the Board.

Uniform Grievance Procedure

All individuals should use this grievance procedure if they believe that the Board, its employees or agents have violated their rights guaranteed by the State or Federal constitution, State or Federal statute, or Board policy. The District will endeavor to respond to and resolve complaints without resorting to this grievance procedure and, if a complaint is filed, to address the complaint promptly and equitably.

The right of a person to prompt an equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies, and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies.

Level 1: Informal

An individual with a complaint is encouraged to first discuss it with the teacher, counselor, or building administrator involved, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual harassment should be discussed with the first line administrator that is not involved in the alleged harassment.

Level 2: Principal/Superintendent

If the complaint is not resolved at Level 1, the grievant may file a written grievance stating:

- 1) the nature of the grievance; and 2) the remedy requested. It must be signed and dated by the grievant. The Level 2 written grievance must be filed with the principal within sixty (60) days of the event or incident, or from the date the grievant could reasonably become aware of such occurrence.

If the complaint alleges a violation of Board policy or procedure, the principal shall investigate and attempt to resolve the complaint. If either party is not satisfied with the principal's decision, the grievance may be advanced to Level 3 by requesting in writing that the Superintendent review the principal's decision. This request must be submitted to the Superintendent within fifteen (15) days of the principal's decision. If the complaint alleges a violation of Title IX, Title II, Section 504 of the Rehabilitation Act, or sexual harassment, the principal shall turn the complaint over to the Nondiscrimination Coordinator who shall investigate the complaint. The District has appointed Nondiscrimination

Coordinators to assist in the handling of discrimination complaints. The Coordinator will complete the investigation and file the report with the Superintendent within thirty (30) days after receipt of the written grievance. The Coordinator may hire an outside investigator if necessary and after consulting the Board Chair.

Level 3: Principal/Superintendent

Upon receipt of the request for review, the Superintendent shall schedule a meeting between the parties and the principal. The parties shall be afforded the opportunity to either dispute or concur with the principal's report. The Superintendent shall decide the matter within ten (10) days of the meeting and shall notify the parties in writing of the decision. If the Superintendent agrees with the recommendation of the principal, the recommendation will be implemented.

If the Superintendent rejects the recommendation of the principal, the matter may either be referred to an outside investigator for further review or resolved by the Superintendent.

If either party is not satisfied with the decision of the Superintendent, the Board is the next avenue for appeal. A written appeal must be submitted to the Board within fifteen (15) days of receiving the Superintendent's decision. The Board is the policy-making body of the school, however, any appeals to that level must be based solely on whether or not policy has been followed. Any individual appealing a decision of the Superintendent to the Board bears the burden of proving a failure to follow Board policy.

Level 4: The Board

Upon receipt of a written appeal of the decision of the Superintendent, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration not later than their next regularly scheduled meeting. A decision shall be made and reported in writing to all parties within thirty (30) days of that meeting. The decision of the Board will be final.

Public Access to District Records

Subject to the limitation provided herein and as provided by law, full access to information concerning the administration and operations of the District shall be afforded to the public. Public access to District records shall be afforded according to appropriate administrative procedures.

A "public record" includes any writing containing information relating to the conduct or administration of the public's business prepared, owned, used or retained by any state agency, independent public body corporate and political or local agency regardless of physical form or characteristics. A "Writing" includes, but is not limited to, handwriting, typewriting, printing, photostating, photographing and every means of recording, including letters, words, pictures, sounds or symbols or combination thereof, and all papers, maps, magnetic or paper tapes, photographic films and prints, magnetic or punched cards, discs, drums or other documents.

Public records of a school district do not include the personal notes and memoranda of staff that remain in the sole possession of the maker and which are not generally accessible or revealed to other persons.

The Superintendent shall serve as "public records coordinator" with responsibility and authority for ensuring compliance with the display, indexing, availability, inspection, and copying requirements of state law and this policy. As coordinator, the Superintendent shall authorize the inspection and copying of the District's records only in accordance with the criteria set forth in this policy.

In accordance with Title 9, Chapter 3, Idaho Code, the following records shall not be subject to public inspection and/or copying:

1. Any public record exempt from disclosure by federal or state law or federal regulations to the extent specifically provided for by such law or regulation;
2. All personnel records of a current or former public official other than the public official's public service or employment history, classification, pay grade and step, longevity, gross salary and salary history, status, workplace and employing agency. All other personnel information relating to a public employee or applicant including, but not limited to, information regarding sex, race, marital status, birth date, home address and telephone number, applications, testing and scoring materials, grievances, correspondence and performance evaluations, shall not be disclosed to the public without the employee's or applicant's written consent;
3. Retired employees' and retired public officials' home addresses, home telephone numbers and other financial and nonfinancial membership records;

4. Records of a current or former employee other than the employee's duration of employment with the association, position held and location of employment. This exemption from disclosure does not include the contracts of employment or any remuneration, including reimbursement of expenses, of the executive director, executive officers or commissioners of the association. All other personnel information relating to an association employee or applicant including, but not limited to, information regarding sex, race, marital status, birth date, home address and telephone number, applications, testing and scoring materials, grievances, correspondence, retirement plan information and performance evaluations, shall not be disclosed to the public without the employee's or applicant's written consent;
5. Records relating to the appraisal of real property, timber or mineral rights prior to its acquisition, sale or lease by the District;
6. Any estimate prepared by the District that details the cost of a public project until such time as disclosed or bids are opened, or upon award of the contract for construction of the public project;
7. Examination, operating or condition reports and all documents relating thereto, prepared by or supplied to the District;
8. Records of any risk retention or self-insurance program prepared in anticipation of litigation or for analysis of or settlement of potential or actual money damage claims against the District and/or its employees except as otherwise discoverable under the Idaho or federal rules of civil procedure. These records shall include, but are not limited to, claims evaluations, investigatory records, computerized reports of losses, case reserves, internal documents and correspondence relating thereto. At the time any claim is concluded, only statistical data and actual amounts paid in settlement shall be deemed a public record unless otherwise ordered to be sealed by a court of competent jurisdiction. Provided however, nothing in this subsection is intended to limit the attorney client privilege or attorney work product privilege otherwise available to any public agency or independent public body corporate and politic;
9. Computer programs developed or purchased by or for the District for its own use. As used in this subsection, "computer program" means a series of instructions or statements which permit the functioning of a computer system in a manner designed to provide storage, retrieval and manipulation of data from the computer system, and any associated documentation and source material that explain how to operate the computer program.
Computer program does not include:
 - (a) The original data including, but not limited to, numbers, text, voice, graphics and images;
 - (b) Analysis, compilation and other manipulated forms of the original data produced by use of the program; or
 - (c) The mathematical or statistical formulas that would be used if the manipulated forms of the original data were to be produced manually.

10. Personal information from any file maintained for students. Information from student records shall be disclosed only in accordance with the requirements of the Family Educational Rights and Privacy Act of 1974 and adopted District policy;
11. Test questions, scoring keys, or other examination data used to administer academic tests;
12. Preliminary drafts, notes, recommendations and intra-District memoranda in which opinions are expressed or policies formulated or recommended, except that a specific record shall not be exempt when publicly cited by the District in connection with any District action;
13. Records that are relevant to a controversy to which the District is a party but which records would not be available to another party under the rules of pre-trial discovery for cases pending resolution;
14. Records of buildings, facilities, infrastructures and systems when the disclosure of such information would jeopardize the safety of persons or the public safety. Such records may include emergency evacuation, escape or other emergency response plans, vulnerability assessments, operation and security manuals, plans, blueprints or security codes.

The District shall either grant or deny a person's request to examine or copy public records within three (3) working days of the date of the receipt of the request for examination or copying. If it is determined by the District that a longer period of time is needed to locate or retrieve the public records, the District shall so notify in writing the person requesting to examine or copy the records and shall provide the public records to the person no later than ten (10) working days following the person's request.

If the District fails to respond, the request shall be deemed to be denied within ten (10) working days following the request. If the District denies the person's request for examination or copying the public records or denies in part and grants in part the person's request for examination and copying of the public records, the person legally responsible for administering the District or the District's designee shall notify the person in writing of the denial or partial denial of the request for the public record. The notice of denial or partial denial shall state that the attorney for the District has reviewed the request or shall state that the District has had an opportunity to consult with an attorney regarding the request for examination or copying of a record and has chosen not to do so. The notice of denial or partial denial also shall indicate the statutory authority for the denial and indicate clearly the person's right to appeal the denial or partial denial and the time periods for doing so.

If the record requested for inspection and/or copying contains both information exempted from disclosure and non-exempt information, the District shall, to the extent practicable, produce the record with the exempt portion deleted and shall provide a written explanation for the deletion.

The coordinator is authorized to seek an injunction to prevent the disclosure of records otherwise suitable for disclosure when it is determined that there is reasonable cause to believe that the disclosure would not be in the public interest and would substantially or irreparably damage any person or would substantially or irreparably damage vital governmental functions.
