General Employment Issues

Contracts - Certificated Staff

Contracts with certified personnel shall be in writing and shall state the length of time the contract is in force, the total compensation for the contract period, and the employee's full-time equivalent status together with the scheduled periodic payments. These will be given out in May. Such written contracts shall be in the form approved by the State Board of Education, conditioned upon a valid certificate held by such personnel at the time of entering the duties there under. (Idaho Code 33-513)

All professional employees shall be properly certificated prior to the beginning of each contract or be authorized as required by statutory enactment of the State Department of Education. (I.C. 33-1201 and 33-1207)

If an employee does not have proper certification or approved alternate route by September, the employee's paycheck may be held until proper certification or alternate route is on file.

Issue of Contracts: The School District will send to all certified staff members contracts in May if possible. The employee must sign or reject the contract within fourteen (14) days of the date received.

Resignation Timeline: A staff member may terminate his/her contract by written resignation, which must be on file with the Superintendent on or before July 1st prior to the end of the present contract date. To assist in hiring a suitable replacement, the district requests that certified staff who intend to retire submit their letters as soon as possible.

Should any certified employee desire release from his/her contract after July 20th, the Board will evaluate this request based on the following principles:

1. The validity and necessity of the request
2. The availability of a suitable replacement

Should the Board deny the request and the employee subsequently breaks the contract, the Board will refer the matter to the Idaho State Professional Standards Commission.

Teacher Certification

Credits taken for recertification must be educationally-related to the professional development of the applicant.

- Credits must be specifically tied to content areas and/or an area of any other endorsement; and/or
- Credits must be specific to pedagogical best practices or for administrative/teacher leadership; and/or
- Credits must be tied to a specific area of need designated by district administration.

Additional information is available on the state department of education web site under Teacher Certification.

Employment Requirements-Certified Personnel

At the beginning of each year of employment in School District #92, the following should be filed in the Superintendent's office:

1. Teaching certificate. (NO CERTIFICATE=NO PAYCHECK)
2. A current transcript of credits
3. Credits earned during the past year, if not shown on transcript
4. One copy of the signed contract
5. Social Security number
6. Withholding Form W-4 (if changed)
7. Application for health, accident, and life insurance (if applicable)
8. Application for teacher's retirement membership, including a copy of SS card

A teaching certificate is valid for five (5) years. At the completion of the five-year period, State law requires that each certificate holder apply for a new credential. Since the issuance of the last certificate, the applicant must have completed six (6) semester hours of credit. Three (3) of the required six (6) semester hours **MUST** be college credit as shown on a college transcript. **ALL** six (6) hours may be college credit. In-service credit hours may be used for three (3) credits.

It is the policy of the Swan Valley School District that claims for the in-service credit must be made on standard District-State forms. These forms will be filed in the employee personnel file at the district office.

Teachers must request the transcript from the university where they completed the work. Three (3) semester hours may be earned through validated in-service credit. Fifteen (15) clock hours of approved in-service credit are equivalent to one (1) semester credit; thus, forty-five (45) clock hours of in-service credit may be used for re-certification purposes during the five-year life of each certificate.)

In addition to the completion of the credit work, a proper application form (from the district office) must be completed. The state does not require teachers to submit official transcripts with the renewal form, but the teacher must have official transcripts on file at the district office. Certificated staff may be audited at the state's discretion. Also, a payment of \$75.00 is required for the issuance of the certificate. Teacher certification phone number is 1-208-332-6882.

Employment Requirements-Classified Personnel

Classified employees will work the number of student contact days. Additional days may be added to the terms of employment. Employees who work under 30 hours a week will complete a time sheet and submit the signed time sheet by the 15th of each month unless other arrangements are made.
