Public Relations

The District shall strive to maintain effective two-way communication channels with the public. Such channels shall enable the Board and staff to interpret the schools' needs to the community and provide a means for citizens to express their needs and expectations to the Board and staff.

The Superintendent shall establish and maintain a communication process within the school system and between it and the community. Such a public information program shall provide for news releases at appropriate times, arrange for news media coverage of district programs and events, provide for regular direct communications between individual schools and the citizens they serve, and assist staff in improving their skill and understanding in communicating with the public.

Community opinion may be solicited through parent organizations, parent-teacher conferences, open houses and other such events or activities which may bring staff and citizens together.

Public Participation in Board Meeting

All regular and special meetings of the Board shall be open to the public, but any person who disturbs good order may be required to leave.

During all regular meetings and board public hearings, The Board of Trustees encourages all citizens of the District to express their ideas and concerns on agenda items. The comments of the community will be given careful consideration. In the evaluation of such comments, the first priority will be District students and their educational program. Desired public input on agenda items shall not be regarding any subject matter that would compel the Board to enter into executive session. The Board shall make a determination as to whether or not the desired subject matter requested for public input is appropriate in relation to the Board's agenda and/or if a matter would require executive session.

The Board may offer the ability to submit patron input electronically ahead of time at a time and in a manner identified by the Board. Such electronically provided input shall be provided to the Trustees and made a part of the minutes.

Addressing Complaints and Grievances

Due to their sensitive nature, comments and complaints about personnel or individual students cannot be heard in open session. Additionally, other topics described in Policy 1500 may only be appropriate for executive session and all grievance process shall be followed before the Board may entertain such subject matter. The Board shall determine whether a public comment is appropriate in open session and notify the commentor if it is not.

Any complaint about the District on these or other topics; including instruction, discipline, District personnel policy, procedure, or curriculum; should be referred through proper administrative channels before it is presented to the Board for consideration and action. All complaints should be resolved through proper channels in the following order:

1. Teacher or staff.
2. Principal/Superintendent; then
3. Board of Trustees.

Please also see District Policy No. 4110 Public Complaints and Suggestions.

Complaints or grievances on topics that may only be considered in executive session will only be heard by the Board in accordance with the applicable grievance or complaint policy. Such executive session may be arranged in advance and included on the agenda as described in Policy 1500 and Procedure 1500P.

Rules and Process for Public Comment

Members of the public will not be recognized by the Chair as the Board conducts its official business except during the Board's scheduled comment period during a regular meeting or public hearing of the board, and only on subject matters identified on the Board's agenda. The Board will listen to the public but, at the same time, expects the public to listen and speak only when properly recognized.

At each regular of the Board the agenda shall provide time for public comment before the Board on agenda items or at public hearings of the Board. At special meetings of the Board, the Board may accept public comment. All public comment will be accepted before the Board addresses action items on District business. Persons wishing to address the Board at a regular meeting or public hearing on agenda items will be required to sign the "Public Comment Signup Sheet" available at each meeting.

To be efficient and effective, long board meetings will be avoided. As such, total time allotted for public comment will not exceed one (1) hour. Public participation will be limited to the time allotted on the agenda. Each speaker will be limited to three (3) minutes. Public comment will only be taken on action items scheduled on the Board's agenda at a regular meeting of the Board or during a Board public hearing.

Should a large number of the public wish to speak on the same issue or topic, members of the public are encouraged to select one or more representatives to summarize their position. Additionally, the Board clerk will accept written comments on agenda items for regular meetings and Board public hearings for distribution to the Board. The Board may decline to hear repetitive comments.

Written comments for Trustees must be submitted to the Board Clerk. The written comments must include the name, address, and telephone number of the person submitting it. A copy of the materials that meet these requirements will be forwarded to Board Members if received by noon the Friday preceding the Board meeting. Materials should not be sent directly to Board Members. Materials may be presented or mailed to the Board clerk at Swan Valley School District 3389 Swan Valley Highway Irwin, ID 83428.

If a topic is being considered by a committee established for that purpose, the Chair may refer the public comment to that committee.

Because of the diversity of issues and the confines of the Open Meeting Laws, Trustees will not respond to public comment nor engage in discussion with individuals or entities presenting public input. Instead, issues may be recorded and referred to the proper staff person for follow-up and/or considered by the Board in addressing the pending agenda items through open discussion or voting. The Chair may interrupt or terminate an individual's statement when it is too lengthy, personally directed, abusive, obscene, repetitive, irrelevant, threatening to any individual, or if they are going off-topic from an

item listed on the agenda. The Board as a whole shall have the final decision in determining the appropriateness of all such rulings.

Nothing in this policy shall prohibit the removal of any person who willfully disrupts a meeting to the extent that orderly conduct is seriously compromised. Defamatory or abusive remarks are always out of order. The presiding officer may terminate the speaker's privilege of address if, after being called to order, the speaker persists in improper conduct or remarks.

If a special meeting has been held to obtain public comment on a specific issue, the Chair of the Board may choose not to recognize speakers wishing to comment on the same topic at a regular meeting of the Board.

Uniform Grievance Procedure

It is the Board's desire that administrative procedures for settling complaints and grievances of any and all persons (i.e., staff, students, patrons, hereinafter "Grievant") be an orderly process within which solutions may be pursued. This policy shall apply to people employed by the District only if their grievance is in their capacity as a parent/guardian or patron. Any other employee complaints shall be resolved as described as specified below.

It is the intent of the Board that this policy will provide prompt and equitable resolution at the lowest possible administrative level. Additionally, it is the Board's desire that each grievant be assured an opportunity for orderly presentation and review of complaints without fear of reprisal.

Grievance Procedure

This grievance procedure should be followed if a grievant believes that the Board, its employees or agents have violated their rights guaranteed by the State or Federal constitution, State or Federal statute, or Board policy, except that any allegation of sexual misconduct or sexual harassment shall be addressed in accordance with Policy 3085. As referenced above, staff grievances relating to their employment position are solely controlled by

1. Policy 5800 and Procedure 5800P in the case of classified staff.
2. Policy 5250 in the case of certificated staff.

The District will endeavor to respond to and resolve complaints without resorting to this grievance procedure and, if a complaint is filed, to address the complaint promptly and equitably. The right of a person to prompt an equitable resolution of the complaint filed hereunder shall not be impaired by the person's pursuit of other remedies. Use of this grievance procedure is not a prerequisite to the pursuit of other remedies, and use of this grievance procedure does not extend any filing deadline related to the pursuit of other remedies.

Grievances will be processed according to the step-by-step process outlined below. However, if a person designated to hear a grievance is the subject of the grievance, the grievance process will begin at the next highest step and the process shall be modified as needed to meet the objectives of the Grievance Procedure. If a grievance is directly based on official Board action, the grievance shall be directed to the Clerk of the Board. The grievance may be heard by the Board at the sole discretion of the Board.

Level 1: Informal: A grievant with a complaint is encouraged to first discuss it with the

employee (teacher, counselor, or staff member) involved, with the objective of resolving the matter promptly and informally. An exception is that complaints of sexual misconduct against a student should be addressed in accordance with Policy 3085.

Level 2: Principal/Superintendent: If the complaint is not resolved at Level 1, the grievant may file a written grievance stating:

1. The nature of the grievance; and
2. The remedy requested.

It must be signed and dated by the grievant. The Level 2 written grievance must be filed with the Principal/Superintendent within sixty (60) days of the event or incident, or from the date the grievant could reasonably become aware of such occurrence.

If the complaint alleges a violation of Board policy or procedure, the Principal/Superintendent shall investigate and attempt to resolve the complaint. If either party is not satisfied with the Principal/Superintendent decision, the grievance may be advanced to Level 3 by requesting in writing that the Board of Trustees review the Principal/Superintendent decision. This request must be submitted to the Board Clerk within fifteen (15) days of the Principal/Superintendent decision.

If the complaint alleges a violation of Title IX, Title II, Section 504 of the Rehabilitation Act, or sexual harassment, the Principal/Superintendent shall turn the complaint over to the Title IX Coordinator who shall investigate the complaint. The District has appointed Nondiscrimination Coordinators to assist in the handling of discrimination complaints. The Coordinator will complete the investigation and file the report with the Principal/Superintendent or Board of Trustees (if necessary) within thirty (30) days after receipt of the written grievance. If the Principal/Superintendent agrees with the recommendation of the Coordinator, the recommendation will be implemented. If the Principal/Superintendent rejects the recommendation of the Coordinator, and/or either party is not satisfied with the recommendations from level 2, either party may make a written appeal within 15 days of receiving the report of the Coordinator to the Board for a hearing.

Level 3: The Board: Upon receipt of a written appeal of the decision of the Principal/Superintendent, and assuming the individual alleges a failure to follow Board policy, the matter shall be placed on the agenda of the Board for consideration at the earliest time convenient to the Board.

The Board has the sole discretion in determining how to handle the grievance review, including but not limited to the option of solely reviewing the written record and making a determination or seeking to speak with both sides of a grievance during a properly noticed meeting of the Board.

A decision shall be made and reported in writing to all parties within thirty (30) days of

that meeting. The decision of the Board will be final.

 - B. Specifically states:
 - i. The choice of schools homeless children and youths are eligible to attend.
 - ii. That no homeless child or youth is required to attend a separate school for homeless children or youths.

- iii. That homeless children and youths shall be provided comparable services, including transportation services, educational services, and meals through school meals programs
 - iv. That homeless children and youths should not be stigmatized by school personnel; and
 - v. Includes contact information for the local liaison for the homeless children and youths.
2. In the case of an unaccompanied homeless youth, the District shall ensure that the homeless liaison assists in placement or enrollment decisions, considers the views of such unaccompanied youth, and provides notice to such youth of the right to appeal.

Each district shall ensure that public notice of the educational rights of homeless children is disseminated where such children and youths receive services under this Act, such as schools, family shelters, and soup kitchens.

Persistently Dangerous Schools

A “persistently dangerous school” is defined as a school which, for three consecutive years, meets the following criteria:

1. In each of the three consecutive years, there is one instance of: suicide; sexual offense; or kidnapping; or
2. The school exceeds an expulsion or student conviction rate of 1 % of the student body; or three students, whichever number is greater, for violent criminal offenses or for violations of federal or state gun free schools requirements on school property or at a school sponsored event while school is in session.
3. For the purposes of this definition, a “violent criminal offense” is defined as conduct which could be charged as a felony or misdemeanor involving the threat of or actual physical injury, a sexual offense, homicide, rape, robbery, aggravated assault, aggravated battery, stalking, first degree kidnapping or aggravated arson.

If a school in the District is identified by the state as a “persistently dangerous school,” the Superintendent, or designee, shall ensure the following actions are accomplished in a timely manner:

1. Notify the parents of all students attending the school that the state has identified the school as persistently dangerous. Notification to the parents must occur within ten school days from the date the state provided such notice to the District.
2. Offer all students in such school the opportunity to transfer to a safe public school within the District. If there is no other school in the District, the District is

encouraged, but not required, to explore other options such as an agreement with a neighboring district to accept transfer students. The offer to transfer students should occur within 20 school days from the time the District received notice from the state.

3. For those students who accept the offer, the transfer should be completed within 30 school days from the date the District notified the affected parents.
4. Parental notification regarding the status of the school and the offer to transfer student may be made simultaneously.
5. For student(s) choosing a transfer:
 - A. Students should be transferred to a school that is making adequate yearly progress (AYP) and is not identified as needing improvement, corrective action, or restructuring.
 - B. Transfers may be temporary or permanent but must be in effect as long as the school is identified by the state as persistently dangerous.
 - C. In the event there is no other qualifying school in the District to accept the transferring student(s), the Superintendent should explore other options, such as an agreement with a neighboring district to accept the student(s). (See, Idaho Code §§ 33-1402, 33-1404.)

School Intervention Action Plan: For any school identified as “persistently dangerous” for two consecutive years, the District shall identify the problems and implement a written intervention action plan to ensure a safe school environment for students, faculty, and other school employees. Within 30 days of being notified, the intervention action plan shall be submitted to the State Department of Education (SDE) for approval. SDE will monitor the school progress.

Safe School Option for Victims: If a student is a victim of a violent criminal offense while attending school during normal school hours or at a school sponsored event, the District shall provide the following safe school options:

1. Within ten school days the Superintendent or designee shall ensure that the student is offered the opportunity to transfer to a safe school within the District.
2. If there is no qualifying school in the District, the District is encouraged, but not required, to explore other options such as an agreement with a neighboring district to accept the student.

To the extent feasible, the District will work with local victim assistance programs to determine whether they have services or funds available to help students in these circumstances. The Superintendent or designee should contact the office of the local county attorney to identify and locate qualified programs in the county.

Student Privacy

1. The student privacy policies developed by the District shall provide for reasonable notice of the adoption or continued use of such policies directly to the parents of students enrolled in schools served by the District. At a minimum, the District shall provide such notice at least annually at the beginning of the school year and within a reasonable period of time after any substantive change in such policies; and offer an opportunity for the parent to opt the student out of the activity.
2. The District shall provide reasonable notice of such existing policies to parents and guardians of students, e.g., *"The Board has adopted and continues to use policies regarding student privacy, parental access to information, and administration of certain physical examinations to minors. Copies of those policies are available on request."*

Program Notices to Parents Format

Directory information regarding students may be posted on social media, which may include photos, student names, grade level, academic awards and information in relation to school-sponsored activities, organizations, and athletics. Any parent/student who has not opted out of providing directory information pursuant to District Policies 3570 and 3575 consents to the publishing of student directory information on social media, and such content shall not be a violation of applicable District policy or State or federal law.

Users and visitors to social media sites shall be notified that the intended purpose of the site is to serve as a mechanism for communication between the District/schools and students, parents, and members of the community.

The Content Manager may remove any material that would:

1. Disrupt the educational process or compromise the safety of students or staff.
2. Violate the rights of others.
3. Invade the privacy of others.
4. Infringe on a copyright.
5. Be obscene, vulgar, or indecent.
6. Promote, foster or perpetuate discrimination on the basis of race, ethnicity, age, religion, gender, national origin, physical or mental disability or sexual orientation.

School-Support Organizations

The Board recognizes that parent, teacher, and student organizations are an invaluable resource to the District schools and so supports their formation and vitality. While parent, teacher and student organizations have no administrative authority and cannot determine District policy; their suggestions and assistance are always welcome. Membership must be open and unrestricted.

Booster clubs and/or special interest organizations may be formed to support and strengthen specific activities conducted within the school or District. All such groups must receive the approval of the school principal, Superintendent and the Board in order to be recognized as a booster organization. Staff participation, cooperation and support are encouraged in such recognized organizations.

Fund-Raising by School Support Groups

Fund-raising by school support groups is considered a usual and desirable part of the function of such groups. The principal must approve the specific fund-raising activities in advance.

The principal must be consulted prior to any expenditure of such funds. All such funds raised by school adjunct groups are to be used for the direct or indirect support of school programs. Equipment purchased by support groups and donated to the schools becomes the property of the District and may be used or disposed of in accordance with District policy and state law.

Financial Records

Support group organizations shall handle their own accounting and bookkeeping procedures and maintain their own separate accounts for income and expenditures. A financial report will be presented at each scheduled meeting. Adequate, auditable financial records shall be maintained at all times.

Parameters for Use of the District's Name, Logo, or Mascot

The use of the District or any school name, logo, or mascot by support group organizations must be authorized by the Superintendent or designee. The Superintendent or designee may revoke the authorization to use the District's name, logo, or mascot if the Superintendent or designee determines that the organization has failed to comply with the terms of this policy or any other District policy. The Superintendent or designee will notify the organization in writing of the reason for the revocation. The organization may appeal

the revocation to the Board whose decision will be final. The appeal must be filed in writing and submitted to the Board Clerk no later than five business days from the date of the Superintendent/designee's letter.

In the event an organization's authorization to use the District's name, logo, or mascot is revoked, the organization will, within three business days of the final decision, provide to the District Treasurer for deposit all of the funds in its possession.

Donations

Any item that an organization proposes to contribute to the school must meet all legal requirements, including safety codes. Before accepting any such donation, the Superintendent must ensure that funding is available to install and maintain all donated equipment, such as playground equipment, in compliance with all safety requirements. All items donated become the property of the District. While the intent of the donation will be considered, the District reserves the right to modify the use if the needs of the students or the District change.

Discrimination

The District and organizations may not create a vast difference in benefits or services to female and male students. The District and organization must ensure that any contribution by the organization does not create a disparity in participation opportunities, equipment, facilities, etc. between males and females.

School facilities are available to the community for education, civic, cultural, and other non-commercial uses consistent with the public interest, when such use does not interfere with the school program or school-sponsored activities. Use of school facilities for school purposes has precedence over all other uses. Persons on school premises must abide by the District's conduct rules at all times.

Student and school-related organizations shall be granted the use of school facilities at no cost. Other organizations granted the use of the facility shall pay fees and costs. The Superintendent shall develop procedures to manage community use of school facilities, which shall be reviewed and approved by the Board. Authorization for use of school facilities shall not be considered an endorsement of or approval of the activity, person, group, or organization nor the purposes they represent.

The administration shall approve and schedule the various uses of the school facilities. A master calendar will be kept in the office for scheduling dates to avoid conflicts during the school year. Requests for use of the school facilities must be submitted in advance of the event to the Superintendent's office.

Proper protection, safety, and care of school property shall be primary considerations in the use of school facilities. All facility use shall comply with State and local fire, health, safety, and police regulations. All individuals using school facilities shall comply with the policies of this Board.

The board does reserve the right to waive rental fees for nonprofit and community activities. However, a fee will be assessed for any damages that may occur at said activities.

3. The event is not in conflict with the health and safety of the District of community and does not violate any federal, state, or local ordinance.

The Board reserves the right to require increased insurance coverage on any event.

Where rules so specify, no item of equipment may be used except by a qualified operator. No District equipment shall be removed from the premises for use by non-District personnel unless otherwise provided for in policy.

Supervision

At least one District employee must be on hand, paid for by the organization when, in the opinion of the Superintendent or designee, it is necessary to supervise the individuals and protect school property. The number of paid employees shall depend on the type of service, number to be served, and number of volunteer helpers.

No school building or facility shall be used for any purpose which could result in picketing, rioting, disturbing the peace, or damage to property or for any purpose prohibited by law.

No access to other rooms or equipment in the building shall be permitted unless designated by agreement.

2. Arrangements for keys for any rented facility must be made prior to the event.
3. The procedure for cancellation of outdoor events due to threatening weather and/or field conditions is as follows:
 1. If field conditions are such that play is not recommended, the district shall notify the rental group as far in advance as possible that contests must be cancelled. Practice field rental will be substituted, if possible; and
 2. If there is rain the day of the scheduled contests, the game field rental is considered cancelled and game fields are not to be used. Questions can be answered by calling the Superintendent.

 - B. Analysis, compilation and other manipulated forms of the original data produced by use of the program; or
 - C. The mathematical or statistical formulas that would be used if the manipulated forms of the original data were to be produced manually.
8. Personal information from any file maintained for students. Information from student records shall be disclosed only in accordance with the requirements of the Family Educational Rights and Privacy Act of 1974 and adopted District policy.
9. Test questions, scoring keys, or other examination data used to administer academic tests.
10. Records that are relevant to a controversy to which the District is a party, but which records would not be available to another party under the rules of pre-trial discovery for cases pending resolution.

11. Records of buildings, facilities, infrastructures and systems when the disclosure of such information would jeopardize the safety of persons or the public safety. Such records may include emergency evacuation, escape or other emergency response plans, vulnerability assessments, operation and security manuals, plans, blueprints or security codes.

However, all personnel records of a current or former public official reflecting public service or employment history, classification, pay grade and step, longevity, gross salary and salary history, status, workplace, and employing agency are subject to public inspection and copying.

If the record requested for inspection and/or copying contains both information exempted from disclosure and nonexempt information, the District shall, to the extent practicable, produce the record with the exempt portion deleted and shall provide a written explanation for the deletion.

Response to Requests

The District shall require that a public records request be submitted in writing upon a form prescribed by the District with the requester's name, mailing address, email address, and telephone number. A request for public records may be conducted by electronic mail. The request shall specifically describe the subject matter and records sought, including a specific date range for when the records sought were created. The request shall be as specific as possible, describing the records sought in enough detail to let the Public Records Coordinator find the records with reasonable effort. The District may provide the requester information to help the requester narrow the scope of the request or to help the requester make the request more specific when the records requested are voluminous or costly.

The District shall either grant or deny a person's request to examine or copy public records within three (3) working days of the date of the receipt of the request for examination or copying. If it is determined by the District that a longer period of time is needed to locate or retrieve the public records, the District shall so notify in writing the person requesting to examine or copy the records and shall provide the public records to the person no later than ten (10) working days following the person's request.

If the District fails to respond, the request shall be deemed to be denied within ten (10) working days following the request. If the District denies the person's request for examination or copying the public records or denies in part and grants in part the person's request for examination and copying of the public records, the person legally responsible for administering the District or the District's designee shall notify the person in writing of the denial or partial denial of the request for the public record.

The notice of denial or partial denial shall state that the attorney for the District has reviewed the request or shall state that the District has had an opportunity to consult with an attorney regarding the request for examination or copying of a record and has

chosen not to do so. The notice of denial or partial denial also shall indicate the statutory authority for the denial and indicate clearly the person's right to appeal the denial or partial denial and the time periods for doing so.

If the record requested for inspection and/or copying contains both information exempted from disclosure and non-exempt information, the District shall, to the extent practicable, produce the record with the exempt portion deleted and shall provide a written explanation for the deletion.

The coordinator is authorized to seek an injunction to prevent the disclosure of records otherwise suitable for disclosure when it is determined that there is reasonable cause to believe that the disclosure would not be in the public interest and would substantially or irreparably damage any person or would substantially or irreparably damage vital governmental functions.

Fee Waiver

The District will adhere to its copying fee schedule unless it is determined by the Public Records Coordinator that the individual making such a request has demonstrated information sufficient to fulfill the following test:

1. That the requester's examination and/or copying of public records is likely to contribute significantly to the public's understanding of the operations and activities of the government.
2. That the requester's examination and/or copying of public records is not primarily in the individual interest of the requester including, but not limited to, the requester's interest in litigation in which the requester is or may become a party; and
3. That the requester's examination and/or copying of public records will not occur if fees are charged because the requester has insufficient financial resources to pay such fees.

Upon a request that fees not be charged, and the Public Records Coordinator's consideration of the above factors, the Public Records Coordinator shall notify the requester in writing of their decision within ten working days following the request.

If the fee waiver is denied, the requester shall then have seven days to file an appeal of the denial with the Superintendent. The Superintendent shall review the denial and either affirm or reverse the denial of the Public Records Coordinator in writing within ten working days of receipt of the appeal. In the event that the Superintendent is the Public Records Coordinator the appeal shall be filed within seven days with the Board. At the Board's next regularly scheduled meeting, the Board shall review the denial of fee waiver and either affirm or reverse it. There shall be no further appeal beyond the Board.

The request shall not be fulfilled or prepared, and the time for response will not begin to run, until such time as the final determination as to fees has been addressed and any fees to be charged have been paid.

A requester may not file multiple requests for public records solely to avoid payment of fees. If the District suspects that this is the case, it can aggregate the related requests and charge based upon its copying fee schedule.

Fee Schedule

The copying fee schedule of the District is as follows:

1. The District shall not charge a fee for the first 100 pages of records or the first two hours of labor in responding to a request.
2. Copies of public records - 10¢ per page for copies beyond the first 100 pages or beyond the first two hours of labor in responding to a request.
3. The District will charge for the labor costs associated with locating and copying documents if:
 - A. The request is for more than 100 pages of records.
 - B. The request includes nonpublic information that must be redacted from the public records; or
 - C. The labor associated with locating and copying the records exceeds two hours.
4. The fees for labor associated with responding to a public records request shall be charged at the per hour pay rate of the lowest-paid administrative staff employee of the District who is necessary and qualified to process the request.
5. The fees associated with redactions required to be made by an attorney employed by the District shall be charged at the lowest-paid hourly rate of the lowest paid attorney employed by the District or, if there are no attorneys employed by the District, the rate shall be no more than the usual and customary rate of the attorney retained by the District.
6. Copy of a duplicate computer disc or similar record system the fee shall not exceed:
 - A. The District's cost of copying the information in that form.
 - B. The District's cost of conversion, or the cost of conversion charged by a third party, if the electronic record must be converted to electronic form.

Fees shall be collected in advance. The District shall provide requesters with an itemized statement of fees to show the per page costs for copies and the hourly rate of employees and attorneys involved in responding to the request.

Contact with Students

Students are entrusted to the schools for educational purposes. Although educational purposes encompass a broad range of experiences, school officials must not assume license to allow unapproved contact with students by persons who are not employed by the District for educational purposes. Teachers may arrange guest speakers on appropriate topics relative to the curriculum.

Principals must approve school assemblies on specific educational topics of interest and relevance to the school program. Other types of contact by non-school personnel will normally not be permitted. Outside organizations desiring to use the captive audience in a school for information, sales material, or special interest curricula will not be allowed access to the schools.

Relations with the Law Enforcement and Child Protective Agencies

The primary responsibility for maintaining proper order and conduct in the schools is that of staff. Staff shall be responsible for holding students accountable for infractions of school rules, which may include minor violations of the law occurring during school hours or at school activities.

Where there is substantial threat to the health and safety of students or others such as in the case of bomb threats, mass demonstrations with threat of violence, individual threats of substantial bodily harm, trafficking of prohibited drugs or the scheduling of events where large crowds may be difficult to handle, the law enforcement agency shall be called upon for assistance. Information regarding major violations of the law shall be communicated to the appropriate law enforcement agency.

The District shall strive to develop and maintain cooperative working relationships with the law enforcement agencies. Procedures for cooperation between law enforcement, child protective and school authorities shall be established. Such procedures shall be made available to affected staff and periodically revised.

Investigations and Arrests by Police

All contact between the school and the police department on matters involving students shall be made through the administrative office. The police have ample opportunity to talk to a student away from the school and before or after school hours. They should be encouraged to do so.

Law enforcement authorities should only be allowed to conduct an interview in the school if they can show that special circumstances exist or if the interview is at the request of the school. This determination should be made by the Superintendent.

1. If the police have a warrant for the student's arrest, they must be permitted to arrest the student; however, whenever possible, the arrest should be conducted in the principal's office out of view of other students. Before removing a student from school, the police shall sign a release form in which they assume full responsibility for the student.
2. Law enforcement personnel should not be allowed to roam about the school until the student is found. They should remain in the administration office while school personnel seek out the student.
3. If possible, the educational program of the student should not be disrupted to allow for police questioning.
4. Any questioning by police should be conducted in a private room or area where confidentiality can be maintained.
5. If law enforcement officials are to be allowed to question a student under the age of eighteen (18), a reasonable attempt shall be made to notify the parents, except in cases of suspected child abuse or child neglect involving the parent. The parents should be given the opportunity to come to the school prior to the questioning.
6. If the parents are notified and able to attend, they should be allowed to be present at the interview. The administrator should be present at the interview but should not take part in any questioning. The administrator should at all times remain a neutral observer.

Sex Offenders

The Swan Valley School District #92 recognizes the danger sex offenders pose to student safety. Therefore, the district implements this policy in an effort to protect students while under the control and supervision of the District.

For purposes of this policy, “school property” means school buildings, District buildings not being used as a school, vehicles used for school purposes, any location being utilized during a school athletic event or other school-sponsored event, properties posted with a notice that they are used by a school, and school grounds.

Sample Posted Notice

School districts shall post a notice, as required by Idaho Code, and shall be at least 100 square inches, be placed at commonly used entrances to the property and contain the following statement:

“This property is used by or as a school. Pursuant to I.C. § 18-8329, registered sex offenders only have limited rights to enter upon or be near school property. Please contact the school district at 208-483-2405 or your probation/parole officer for more information.”

Prohibitions

State law prohibits a person who is currently registered or is required to register under the sex offender registration act to:

1. Be on or remain on the premises of a school building or school grounds, or upon other properties posted with a notice that they are used by a school, when the person believes children under the age of 18 years are present and are involved in a school activity or when children are present within 30 minutes before or after a school activity.
2. Loiter on a public way within 500 feet of the property line of school grounds or a school building when children under the age of 18 years are present.
3. Be in any vehicle owned, leased, or contracted by a school to transport students to or from school or school-related activities when children under the age of 18 years are present in the vehicle; or
4. Reside within 500 feet of a school, measured from the nearest point of the exterior wall of the offenders’ dwelling unit to the school’s property line, unless the person’s residence was established prior to July 1, 2006.

Items 1 and 2 immediately above shall not apply when the person:

1. Is a student in attendance at the school; or

2. Resides at a State licensed or certified facility for incarceration, health care, or convalescent care; or
3. Is exercising his or her right to vote in public elections.
4. Is taking delivery of his or her mail through an official post office located on school grounds.
5. Has contacted the District Office annually to obtain written permission from the District to be on the school grounds or upon other property posted with a notice that the property is used by a school; or
6. Stays at a homeless shelter or resides at a recovery facility if such shelter or facility has been approved for sex offenders by the county sheriff or municipal police chief.

An individual seeking written permission as outlined above must contact the District at least 10 workdays prior to the first visit. In determining whether to grant written permission as provided above, the District may, in its discretion, consider the nature of the offense committed, the time since an offense has been committed, the safety of the students, the likely disruption caused by the individual's access to the property, or any other factor. The District will provide a response to the requesting individual within seven days of receipt of the request.

Sex Offender Registry Notification

The Superintendent or his or her designee shall request notification of registered sex offenders in the same or contiguous zip codes as any school within the District. The request can be made to either the Idaho State Police, the local Sheriff's Department, or the Idaho State Superintendent of Public Instruction. Such request and notification shall be made in accordance with Idaho Code. The information in the sex offender registries is for purposes of protecting the public. It is not to be used for the purpose of harassing or intimidating anyone.

Staff Notification

At a quarterly meeting, the building principal shall disseminate sex offender registry information received. The principal shall inform staff of the roles and responsibilities of staff in dealing with instances of convicted sex offenders on school property, including, but not limited to, sex offenders on school property without approval, and/or if a staff member is the school official assigned to escort the sex offender.

When sex offender registry information is disseminated by the principal, it shall include a notice that such information should not be shared with others and may only be used for the purposes discussed in this policy and in accordance with Idaho Code. Employees who share registry information with others may be disciplined.

Enforcement

Any staff member may request identification from any person on school property. Any staff member shall seek the immediate removal of any person who refuses to provide requested

identification. As circumstances warrant, the District's administrators shall take appropriate action to enforce this policy. If a sex offender violates this policy, school officials shall immediately contact law enforcement.

Public Gifts/Donations to the School

The Board assumes responsibility, within its financial capabilities, for providing at public expense all items of equipment, supplies, and services that may be required in the interest of education in the school units under its jurisdiction. Gifts, donations, grants, or bequests will be accepted and the action recorded, provided the conditions of acceptance do not remove any degree of control of the School District from the Board and will not cause inequitable treatment of any student(s) or student group(s).

A gift shall be defined as money, real or personal property, and personal services provided without consideration. Gifts from organizations, community groups, and/or individuals that will benefit the District shall be encouraged by the District administration. Individuals or groups contemplating presenting a gift to a school or the District shall be encouraged to discuss, in advance, with the building principal or the Superintendent what gifts are appropriate and needed.

Community groups or individuals may donate equipment to the District. Such equipment shall be added to the District's inventory, provided it is operative at the time of donation and meets an educational purpose of the District.

The District reserves the right to accept or decline any proposed gifts. In determining whether a gift will be accepted, consideration shall be given to District policies, goals, and objectives (with particular emphasis on the goal of providing educational opportunities to all students) and adherence to the basic principles outlined in Board-approved regulations.

Propositions giving funds, equipment, or materials to the school with a matching agreement (those requiring money, property, or services by the District) or other restrictions are generally not acceptable. Acceptance of donated equipment or materials may depend upon compliance with the Board's policy of standardizing materials and equipment in the District which could restrict gifts given by the parent-teacher organizations to individual schools. While the intent of donations will be considered, the District reserves the right to modify the use if the needs of the students or the District change.

Any person or organization desiring to give a gift or make a donation, grant, or bequest to the District should contact the appropriate staff member as indicated by Procedure 4500P Public Gifts/Donations to the Schools. Also, where the appropriateness of a gift is in doubt, the Superintendent will refer the matter to the Board for its acceptance or rejection. For example, single gifts of considerable value exhibiting the donor's name or business shall be considered on an individual basis by the Board.

All conditional gifts must be approved by the Board.

Any gift or grant accepted by the Board or the Superintendent as its executive officer shall become the property of the District, subject only to the control of the District, and will comply with all State and federal laws.

Public Gifts to the School: Donations of Material/Equipment Affecting Building Structure or Maintenance

Organizations desiring to donate equipment or material that will affect the physical structure of a building, either in appearance or in operating maintenance expense, must have the project approved by the school administration.

Items to be donated must meet the technical specifications and standards of similar equipment or materials purchased by the District. If items are not new, the condition of the equipment or materials must be evaluated by qualified persons other than the organization making the donation.

The following procedures shall apply to filing a project request:

1. The organization desiring to make the donation must ensure the proposed project will not cause inequitable treatment of any student(s) or student group(s).
2. The organization will discuss the proposed project with the building principal prior to filing a request with the central office.
3. After discussion with the building principal, the organization will submit a written request to the administration specifying the type of item to be donated; the technical specifications of the item; and information regarding installation, maintenance, and replacement of the item.
4. The request will be evaluated by a committee appointed by the Superintendent or designee. The committee will use the following criteria in evaluating the proposed project:
 - A. Educational value to the student body.
 - B. Cost factors in relation to the Board's approved budget including:
 1. Immediate costs such as installation or remodeling.
 2. Long-range costs such as operation and maintenance; and
 3. Replacement costs when the item is no longer operable.
 - C. Technical quality of the proposed donated item; and
 - D. Commitment of the donating organization to continuance of the project.
5. Based upon the committee's evaluation and recommendations, the Superintendent will approve or disapprove the request. If the request is disapproved, the committee will make recommendations to the requesting organization as to requirements necessary to approve the request.
6. If a project is disapproved by the committee and the Superintendent, the requesting organization may appeal the decision to the Board.

Soliciting and Accepting Grants or Donations

Prior to seeking any grant or donation on behalf of the District or its schools, an applicant must obtain prior approval from the District. Any staff, administrators, school-related groups, or members of the public seeking grants or donations on behalf of the school or for the benefit of the school and/or its students should first discuss such request with the building principal.

Prior to finalization of any grant or donation associated with the school and/or its students, all requests for grants or donations must be approved by the Superintendent. When the appropriateness of a request is in doubt or if the grant/donation obligates the school to engage in specific actions, obligations or involves the addition of District/school funding, the Superintendent shall refer the request to the Board for final acceptance or rejection.

Grants for projects that will affect the physical structure of a building may be referred by the Superintendent to a committee in the same manner as requests to make donations that will affect a building's physical structure, as described in Policy 4510.

Approval of a grant or donation requests shall depend on factors including but not limited to availability of existing District resources and the following principles:

1. Conformance with the District's policies, goals, and objectives.
2. The District's instructional priorities, strategies, and standards.
3. Equity in funding.
4. Conformance to District governance and decision-making procedures of the Board, central office, and building-level staff.
5. Provision of value or benefit that is greater than the obligation under the grant award.
6. No violation of management or bargaining unit rights and responsibilities.
7. Lack of conditions that would divert school or District efforts away from the District's primary mission.

The Board reserves the right to deny approval of solicitation of any funding or grant application or to refuse acceptance of any funds awarded or donated.

Crowdfunding

The District recognizes that crowdfunding is a useful tool to assist teachers and other employees in the procurement of funding for specific projects and/or programs. Crowdfunding campaigns have been used with great success to provide revenues for such benefits as classroom supplies, educational programs and activities and community advancement. However, the District also recognizes that unregulated use of employee crowdfunding campaigns that are administered on behalf of the District or an individual school or classroom within the District can subject the District and employees to legal liability.

Purpose

The purpose of this policy is to ensure that crowdfunding campaigns administered by employees in their capacity as District employees or on behalf of the District or to supplement any District programs are effectively regulated and are appropriately used to further the District's objectives and mission.

Definitions

"Crowdfunding campaign" means the practice of raising funds to meet an advertised goal or need by soliciting funds from a large number of people, typically via the Internet.

Prohibition on Unapproved Crowdfunding on Behalf of the District

District employees, including teachers, coaches, staff, and paraprofessionals, may not engage in crowdfunding campaigns in their official capacity as a District employee, on behalf of the District or for the benefit of a District program or activity, without obtaining prior authorization from the building administrator.

Employees who have not obtained prior written approval pursuant to this policy may not:

1. Solicit funds or items on behalf of the District or an individual school or classroom within the District on a crowdfunding website.
